PROFESSIONAL SUMMARY

Software Developer with **1.4 years of experience in application development** using Java, Spring Boot, REST APIs, SQL, C#, and ASP.NET. Experienced in developing business logic, CRUD operations, database integration, API testing, debugging, and web application modules. Strong foundation in Core Java, OOP, Collections, Exception Handling, JDBC, SQL, SDLC, and relational database concepts. Seeking opportunities in Java backend or full-stack development.

TECHNICAL SKILLS

Programming Languages: Java, C#, SQL

Java Backend: Core Java, Java 8+, Spring Boot, REST APIs, OOP, Collections, Exception Handling

Web Technologies: HTML5, CSS3, JavaScript, Bootstrap, jQuery, AJAX, ASP.NET Web Forms

Databases: Microsoft SQL Server, MySQL, MySQL Workbench

Tools: Postman, Visual Studio, Git, GitHub

Development Concepts: SDLC, CRUD Operations, Authentication Authorization, Role-Based Access, Database Integration, API Testing, Debugging

PROFESSIONAL EXPERIENCE

Software Developer | CADD School

Chennai, India

Dec 2024 – Mar 2026

- Developed and maintained web applications using **Java, Spring Boot, REST APIs, SQL, C#, and ASP.NET**.
- Built backend services using Spring Boot, implementing business logic, validation, CRUD operations, and application workflows.
- Designed and developed REST APIs with SQL Server and MySQL database integration for application data management.
- Wrote and optimized SQL queries for data retrieval, updates, reporting, and application workflows.
- Tested REST APIs using **Postman** and performed debugging, testing, and issue resolution across application layers.
- Developed web modules using HTML, CSS, JavaScript, Bootstrap, jQuery, and AJAX; used Git/GitHub for version control.

PROJECT EXPERIENCE

EVENT MANAGEMENT SYSTEM

Java | Spring Boot | MySQL | REST API | Postman

- Developed a Spring Boot application with RESTful APIs for event management and complete CRUD operations.
- Integrated MySQL for persistent data storage and implemented APIs for creating, retrieving, updating, and deleting event records.
- Applied Java OOP principles and tested API request/response flows using Postman and MySQL Workbench.

E-LEARNING MANAGEMENT SYSTEM (LMS)

Java | Spring Boot | MySQL | HTML | CSS | JavaScript

- Developed a backend-driven LMS using Java and Spring Boot to manage students, staff, administrators, courses, and learning resources.
- Implemented role-based authentication and authorization using Spring Security for different user categories.
- Designed REST APIs and integrated MySQL for user records, course content, enrollment data, and application workflows.

BILLING INVENTORY MANAGEMENT SYSTEM

ASP.NET | C | SQL Server | JavaScript | AJAX

- Built an admin panel for retail billing and inventory management with CRUD modules and database-driven workflows.
- Developed SQL Server queries and AJAX-based UI updates for billing, inventory, form validation, and data operations.

EDUCATION

Bachelor of Computer Applications (BCA)

76 - percentage

2020 – 2023

Sri Ramakrishna Mission Vidyalaya College of Arts Science, Coimbatore

CERTIFICATIONS ACHIEVEMENTS

- Java Full Stack Development** – 12-month certification course, Chennai (2023–2024), covering Java, Spring Boot, REST APIs, SQL, and frontend fundamentals.
- Certified Java Developer** – Spoken Tutorial, IIT Bombay.
- State-Level First Prize** – Intessa 2022 National Quiz Competition.
